## **Why Organization is Necessary for the Unification of Africa**

1. Organization is necessary in order to facilitate the planning of our liberation and monitoring the implementation of the plan.
2. Organization is necessary because it channels all of the energy of those who work for our betterment and improvement.
3. Organization is necessary because without it, we leave ourselves open to the oppressors' tactic of "divide and conquer" or "divide and rule".
4. Organization is necessary because without it we let issues dictate what direction we go in. There are always issues for us to respond to. The end result is that we go in circles and never really get to the root of the problem.
5. Organization is necessary to ensure that the youth are brought into the struggle.
6. Organization is necessary because it forces us to be more conscious and aware of our conditions and to be responsible for changing our lives.
7. Organization is necessary to systemize training programs for potential members.
8. Organization is necessary to expedite women's emancipation.
9. Organization is necessary to make sure that we engage in self-evaluation of our strategies and tactics, to insure that we modify approach when necessary.
10. Organization is necessary for us to keep an inventory of our resources, to see that they are utilized properly.
11. Organization is necessary for us to have expert communication systems to all parts of our community.
12. Organization is necessary for us to see that we as a people respond quickly when the situation dictates that we do so.
13. Organization is necessary because oppressed people have never defeated become successful without it.
14. Organization is necessary to our safeguard our independent territories from external aggression.
15. Organization is necessary because the enemy/negative forces are organized.
16. Organization is necessary to combat the lies that some of the media bombards us with.
17. Organization is necessary because it allows us to see who the real workers for the people are.
18. Organization is necessary because lack of organization is our biggest enemy.
19. Organization is necessary to attain power. There is a direct relationship between power and organization. Those who are the most organized have power. Those who are the least organized are powerless.
20. Organization is necessary because it allows us to use our time most efficiently. With organization we can do in one day what previously took twenty years.
21. Organization is necessary because "organization decides everything!"
